SMC 13.1.1

21 July 2011

Prof. Dr. Ghulam Ghaus Choudhry
President and Chairman, Board of Trustees
International University School of Medicine (IUSOM) Foundation
P.O. Box 59
Kralendijk, Bonaire
Dutch Caribbean

Dear Pro. Dr. Ghulam Ghaus Choudhry

RE: REQUEST FOR INCLUDING MEDICAL QUALIFICATIONS OFFERED BY INTERNATIONAL UNIVERSITY SCHOOL OF MEDICINE (IUSOM) LOCATED IN BONAIRE, DUTCH CARIBBEAN, IN THE LISTING OF PRIMARY MEDICAL QUALIFICATIONS (PMQ) ACCEPTABLE AT THE SINGAPORE MEDICAL COUNCIL (SMC), SINGAPORE

1.   Thank you for your email.

2.   The Singapore Medical Council (SMC) will consider granting medical registration to any persons who possess registrable basic medical degrees obtained from schools listed on the Schedule, subject to an offer of employment with an approved healthcare institution.

3.   Doctors who do not possess registrable basic degrees are advised to acquire a postgraduate qualification that is recognised by the SMC before they can be considered for registration.

4.   You may wish to note that recognition and review of medical schools is conducted independently by SMC. You may wish to submit information on the University (e.g. entry requirements, medical curriculum, faculty, clinical training, etc) which will be useful should there be a review conducted in the near future. Please find attached questionnaire on frequently asked questions for your easy reference.

5.   Feel free to contact us if you have further queries. Thank you

Yours sincerely

DR TAN CHOR HIANG
EXECUTIVE SECRETARY
(ADMINISTRATION, REGISTRATION, ACCREDITATION
& SURVEILLANCE DIVISIONS)
SINGAPORE MEDICAL COUNCIL
